

Note: GPs can use this form or one that contains all of the components of this form.

PART A – To be completed by referring GP (tick relevant boxes)

- Patient has type 2 diabetes AND either
- is being managed by a medical practitioner (including a general practitioner, but not a specialist or consultant physician) under a GP Management Plan (MBS items 721 and 732)* OR
- for a resident of an aged care facility (RACF)**; GP has contributed to or reviewed a care plan prepared by the RACF (MBS item 731)*

* GPs are encouraged to attach a copy of the relevant part of the patient's care plan to this form.

** Residents of a RACF generally rely on the facility for assistance to manage their type 2 diabetes. Therefore, residents may not need to be referred for allied health group services as the self-management approach may not be appropriate.

Please advise patients that Medicare rebates and Private Health Insurance benefits cannot **both** be claimed for this service.
